## Quick Tips

- For a summery centerpiece, arrange bunches of daisies in small tin buckets.
- Plastic glasses and utensils and paper plates make cleanup easy.
- Dress salads just before serving.
- Set up tables both in the sun and the shade to keep every one happy. Don't forget the sunscreen.
- Keep lots of napkins on hand for messy fingers and clean up.
- To keep beverages cold longer, place in a tub full of ice, water and salt (1 Tbsp per litre of water).
- To ward off insects place bunches of fresh basil or pots of citronella around the patio.
